

**AMENDMENT  
TO THE  
AGREEMENT BETWEEN  
PUREPACKET COMMUNICATIONS OF THE SOUTH, INC. AND  
BELLSOUTH TELECOMMUNICATIONS, INC.  
DATED APRIL 19, 2000**

Pursuant to this Agreement, (the “Amendment”), PurePacket Communications of the South, Inc. (“PurePacket”), and BellSouth Telecommunications, Inc. (“BellSouth”), hereinafter referred to collectively as the “Parties,” hereby agree to amend that certain Interconnection Agreement between the Parties dated April 19, 2000 (“Agreement”).

WHEREAS, BellSouth and PurePacket entered into an Interconnection Agreement on April 19, 2000, and;

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

1. Enhanced Extended Link

- 1.1 Where facilities permit to comply with all effective FCC and/or State Commission orders, BellSouth shall offer access to the Enhanced Extended Link (“EEL”) as defined in Section 1.3 below.

1.2 Definitions

- 1.2.1 For purposes of this Amendment, references to “Currently Combined” network elements shall mean that such network elements are in fact already combined by BellSouth in the BellSouth network to provide service to a particular end user at a particular location unless otherwise determined by effective FCC or state commission or court order. Bell South also agrees that it will not separate network elements that are currently combined.

- 1.2.2 BellSouth will provide access to the Enhanced Extended Link (“EEL”) in the combinations set forth in Section 1.3 following at the Unbundled Network Element prices set forth in Exhibit A. EELs may be comprised of unbundled loop, multiplexing where applicable, and dedicated transport, and may not be separated if already combined and purchased through access tariffs. This offering is intended to provide connectivity from an end user’s location through that end user’s SWC and then connected to the PurePacket’s POP serving wire center. The circuit must be connected to the PurePacket’s circuit switch for the purpose of provisioning circuit switched telephone exchange service to the PurePacket’s end-user customers. This can be done either in the collocation space at the POP SWC, or by using BellSouth’s access facilities between the PurePacket’s POP and PurePacket’s collocation space at

the POP SWC. Collocation is not required if PurePacket meets the criteria for providing a significant amount of local exchange service provided in subsection 3 of Section 1.4.3 following.

- 1.2.3 BellSouth shall provide combinations of loops and transport to PurePacket in Georgia regardless of whether or not such combinations of loops and transport are Currently Combined. Other combinations of network elements that are not Currently Combined but that BellSouth ordinarily combines in its network shall be made available to PurePacket in Georgia in accordance with Section 1.5.1.3 below. Until otherwise ordered by the FCC or a state commission, in all other states, BellSouth shall make available to PurePacket those EEL combinations and transport described in Section 1.3 below only to the extent such combinations of loop and transport network elements are currently combined. BellSouth will make available EEL combinations to PurePacket in density Zone 1, as defined in 47 C.F.R. 69.123 as of January 1, 1999, in the Miami, Orlando, Fort Lauderdale, Charlotte, New Orleans, Greensboro and Nashville MSAs, regardless of whether or not such EELs are Currently Combined. Except as stated above, EELs will be provided to PurePacket only to the extent such network elements are Currently Combined
- 1.2.4 Additionally, BellSouth shall make available to PurePacket a combination of an unbundled loop and tariffed special access interoffice facilities. To the extent PurePacket will require multiplexing functionality in connection with such combination, BellSouth will provide access to multiplexing within the central office pursuant to the terms, conditions and rates set forth in its Access Services Tariffs. The tariffed special access interoffice facilities and any associated tariffed services, including but not limited to multiplexing, shall not be eligible for conversion to UNEs as described in Section 1.4 below.
- 1.2.5 For these combinations, the rates for the unbundled network element loops are cost-based and set in accordance with 47 U.S.C. §252(d)(1) and are set forth in Exhibit A of this Attachment. Rates for the tariffed Special Access interoffice facilities are pursuant to BellSouth's FCC 1 Tariff.

### 1.3 EEL Combinations

- 1.3.1 DS1 Interoffice Channel + DS1 Channelization + 2-wire VG Local Loop
- 1.3.2 DS1 Interoffice Channel + DS1 Channelization + 4-wire VG Local Loop
- 1.3.3 DS1 Interoffice Channel + DS1 Channelization + 2-wire ISDN Local Loop
- 1.3.4 DS1 Interoffice Channel + DS1 Channelization + 4-wire 56 kbps Local Loop
- 1.3.5 DS1 Interoffice Channel + DS1 Channelization + 4-wire 64 kbps Local Loop
- 1.3.6 DS1 Interoffice Channel + DS1 Local Loop

- 1.3.7 DS3 Interoffice Channel + DS3 Local Loop
- 1.3.8 STS-1 Interoffice Channel + STS-1 Local Loop
- 1.3.9 DS3 Interoffice Channel + DS3 Channelization + DS1 Local Loop
- 1.3.10 STS-1 Interoffice Channel + DS3 Channelization + DS1 Local Loop
- 1.3.11 2-wire VG Interoffice Channel + 2-wire VG Local Loop
- 1.3.12 4wire VG Interoffice Channel + 4-wire VG Local Loop
- 1.3.13 4-wire 56 kbps Interoffice Channel + 4-wire 56 kbps Local Loop
- 1.3.14 4-wire 64 kbps Interoffice Channel + 4-wire 64 kbps Local Loop

Bell South will provide notice to CLEC when new EEL combinations become generally available.

#### 1.4 Special Access Service Conversions

- 1.4.1 PurePacket may not convert special access services to combinations of loop and transport network elements, whether or not PurePacket self-provides its entrance facilities (or obtains entrance facilities from a third party), unless PurePacket uses the combination to provide a significant amount of local exchange service, in addition to exchange access service, to a particular customer.
- 1.4.2 Upon request for conversions of up to 15 circuits from special access to EELs, BellSouth shall perform such conversions within seven (7) days from BellSouth's receipt of a valid, error free service order from PurePacket. Requests for conversions of fifteen (15) or more circuits from special access to EELs will be provisioned on a project basis. Conversions should not require the special access circuit to be disconnected and reconnected because only the billing information or other administrative information associated with the circuit will change when PurePacket requests a conversion. The Access Service Request process will be used for conversion requests.
- 1.4.3 To the extent PurePacket requests to convert any special access services to combinations of loop and transport network elements at UNE prices, PurePacket shall provide to BellSouth a letter certifying that PurePacket is providing a significant amount of local exchange service (as described in this Section) over such

combinations. The certification letter shall also indicate under what local usage option PurePacket seeks to qualify for conversion of special access circuits. PurePacket shall be deemed to be providing a significant amount of local exchange service over such combinations if one of the following options is met:

- 1) PurePacket certifies that it is the exclusive provider of an end user's local exchange service. The loop-transport combinations must terminate at PurePacket's collocation arrangement in at least one BellSouth central office. This option does not allow loop-transport combinations to be connected to BellSouth's tariffed services. Under this option, PurePacket is the end user's only local service provider, and thus, is providing more than a significant amount of local exchange service. PurePacket can then use the loop-transport combinations that serve the end user to carry any type of traffic, including using them to carry 100 percent interstate access traffic; or
- 2) PurePacket certifies that it provides local exchange and exchange access service to the end user customer's premises and handles at least one third of the end user customer's local traffic measured as a percent of total end user customer local dialtone lines; and for DS1 circuits and above, at least 50 percent of the activated channels on the loop portion of the loop-transport combination have at least 5 percent local voice traffic individually, and the entire loop facility has at least 10 percent local voice traffic. When a loop-transport combination includes multiplexing, each of the individual DS1 circuits must meet this criteria. The loop-transport combination must terminate at PurePacket's collocation arrangement in at least one BellSouth central office. This option does not allow loop-transport combinations to be connected to BellSouth tariffed services; or
- 3) The requesting carrier certifies that at least 50 percent of the activated channels on a circuit are used to provide originating and terminating local dialtone service and at least 50 percent of the traffic on each of these local dialtone channels is local voice traffic, and that the entire loop facility has at least 33 percent local voice traffic. When a loop-transport combination includes multiplexing, each of the individual DS1 circuits must meet this criteria. This option does not allow loop-transport combinations to be connected to BellSouth's tariffed services. Under this option, collocation is not required. PurePacket does not need to provide a defined portion of the end user's local service, but the active channels on any loop-transport combination, and the entire facility, must carry the amount of local exchange traffic specified in this option.

- 1.4.2 BellSouth may audit PurePacket records in order to verify the type of traffic being transmitted over combinations of loop and transport network elements in accordance with FCC rules. The audit may not be required before provisioning combinations of unbundled loop and transport elements. The audit shall be conducted by a third party independent auditor, and PurePacket shall be given thirty days written notice of scheduled audit. Bell South will also provide notice of the audit to the FCC. Such audit shall occur no more than one time in a calendar year per CLEC, unless results of an audit find noncompliance with the significant amount of local exchange service

requirement. Records that demonstrate that a requesting carrier's unbundled loop transport combination is configured to provide local service is adequate to support the carriers certification without the need for extensive call record details. The audit will use the records that the carrier maintains in the ordinary course of business and will be designed not to impose a burden on the carrier In the event of such noncompliance, PurePacket shall reimburse BellSouth for the cost of the audit. If, based on its audits, BellSouth concludes that PurePacket is not providing a significant amount of local exchange traffic over the combinations of loop and transport network elements, BellSouth may file a complaint with the appropriate Commission, pursuant to the dispute resolution process as set forth in the Interconnection Agreement. In the event that BellSouth prevails, BellSouth may convert such combinations of loop and transport network elements to special access services and may seek appropriate retroactive reimbursement from PurePacket.

1.5 Rates

1.5.1 Georgia

- 1.5.1.1 The non-recurring and recurring rates for the EEL Combinations of network elements set forth in 1.3, whether Currently Combined or new, are as set forth in Exhibit A of this Amendment.
- 1.5.1.2 On an interim basis, for combinations of loop and transport network elements not set forth in Section 1.3, where the elements are not Currently Combined but are ordinarily combined in BellSouth's network the non-recurring and recurring charges for EELs or other combinations shall be the sum of the stand-alone non-recurring and recurring charges of the unbundled network elements which make up the combination. These interim rates shall be subject to true-up based on the Commission's final and effective ruling review of BellSouth's cost studies.
- 1.5.1.3 To the extent that PurePacket seeks to obtain other combinations of loop and transport network elements that BellSouth ordinarily combines in its network which have not been specifically priced by the Commission when purchased in combined form, PurePacket, at its option, can request that such rates be determined pursuant to the Bona Fide Request/New Business Request (NBR) process set forth in the Interconnection Agreement.

1.5.2 All Other States

- 1.5.2.1 Subject to Section 1.2.3 preceding, for all other states, the non-recurring and recurring rates for the Currently Combined EEL combinations set forth in Section 4.3 and other Currently Combined loop and transport unbundled network elements will be the sum of the recurring rates for the individual network elements unless otherwise negotiated by the parties.

### **1.5.3 Multiplexing**

**1.5.3.1** Where multiplexing functionality is required to connect the loop and transport combinations, such multiplexing will be provided at the rates and on the terms set forth in the Interconnection Agreement Exhibit A.

2. All of the other provisions of the Agreement, dated April 19, 2000, shall remain in full force and effect.
3. Either or both of the Parties is authorized to submit this Amendment to the respective state regulatory authorities for approval subject to Section 252(e) of the Federal Telecommunications Act of 1996.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment to be executed by their respective duly authorized representatives on the date indicated below.

	<b>Notes :</b>										
	1 Deaveraged Rates will be effective May 1, 2000										
	2 New EELs will only be available in the State of Georgia and in density Zone 1 of the following MSAs in the BellSouth Region:										
	Florida - Miami, Orlando, Ft. Lauderdale										
	Louisiana - New Orleans										
	N. Carolina - Greensboro, Charlotte										
	Tennessee - Nashville										
	3 Unapproved rates are subject to true up.										
	4 Add together the recurring rates of all the applicable network elements in order to obtain total monthly recurring rate.										
	* Examples:										
	- 2-wire VG Loop + Voice Grade Interface Card + DS1 Channelization System + DS1 Interoffice Channel										
	- DS1 Loop + DS1 Interface Card + DS3 Channelization System + DS3 Interoffice Channel										
	- DS3 Local Channel + DS3 Interoffice Channel + DS3 Channelization System + DS1 Interface Card										
	5 The Ordinarily Combined in GA NRC applies to new combinations within the State of Georgia.										
	6 The "Switch As Is" NRC is a conversion charge. One SAI charge is applicable per circuit.										

**AMENDMENT  
TO  
THE INTERCONNECTION AGREEMENT BETWEEN  
PUREPACKET COMMUNICATIONS OF THE SOUTH, INC. AND  
BELLSOUTH TELECOMMUNICATIONS, INC.  
DATED APRIL 19, 2000**

Pursuant to this Agreement (the "Amendment"), PurePacket Communications of the South, Inc. ("PurePacket") and BellSouth Telecommunications, Inc. ("BellSouth") hereinafter referred to as the "Parties", hereby agree to amend the Interconnection Agreement between the Parties dated April 19, 2000 ("Interconnection Agreement").

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

1. The agreement is hereby amended to delete Attachment 3 in its entirety and replace it with a new Attachment 3 incorporated herein as Exhibit A.
2. All of the other provisions of the Interconnection Agreement dated April 19, 2000 shall remain unchanged and in full force and effect.
3. Either or both of the Parties is authorized to submit this Amendment to the Public Service Commission or other Regulatory Agencies having jurisdiction over the subject matter of this amendment, for approval subject to Section 252 (e) of the Federal Telecommunications Act of 1996.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment to be executed by their respective duly authorized representatives on the date indicated below.
